The Atayal Garden, located beside the hotel, has variety of flower, plant and tree species. At Herb Garden, you can find various herbs and spices that are used by our Executive Chef creating Taroko’s magnificent cuisine. It is also the best place for morning exercises.

Traces of Tianxiang • Xiangde Temple & Catholic Church

The eastern Buddhist Xiangde Temple and the western Catholic Church are neighbors in Tianxiang, bringing together the cultures of both religions to Silks Place Taroko. Xiangde Temple lies high up the mountain. During the winter season, you can see plum flowers blooming, or even smell the scents of plum. Hidden along the mountainside is the Catholic Church, which attracts many local and foreign backpackers as they stop and take a break on their journey. Tianxiang is the only place you can experience this harmony of history, culture, and nature.
